THE Psychic & Healing GUIDE

Definitions

Psychic - A person sensitive to influences or forces of a nonphysical or supernatural nature.

Medium - A person thought to have the power to communicate with the spirits of the dead or with agents of another world or dimension.

Astrology - The study of the positions and aspects of celestial bodies in the belief that they have an influence on the course of natural earthly occurrences and human affairs.

Bodyworkers - A term used in alternative medicine to describe any therapeutic or personal development technique that involves working with the human body in a form involving manipulative therapy, breath work, or energy medicine.

Medical Intuitive - A practitioner that uses their self-described intuitive abilities to find the cause of a physical or emotional condition. Other terms for such a person include medical clairvoyant, medical psychic or intuitive counselor.

Akashic Records - In theosophy and anthroposophy, the Akashic records (a term coined in the late 19th century from akasha or ākāśa, the Sanskrit word for “sky”, “space”, “luminous”, or “aether”) are a compendium of thoughts, events, and emotions believed by theosophists to be encoded in a non-physical plane of existence known as the astral plane. There are anecdotal accounts but no scientific evidence for existence of the Akashic records.

Healing Modalities - Alternative healing practitioners using natural and holistic guided-techniques such as reiki, energy work, essential oils, nutritional supplements etc.

Spiritual Counseling - People helping others along their path to spiritual growth. The objective can include finding a life purpose, overcoming obstacles, and putting pain and grief into perspective.

Spiritualist Churches - Churches that believe in the science, philosophy and religion of continuous life, based upon the demonstrated fact of communication, by means of mediumship, with those who live in the Spirit World.

Businesses and Organizations - Companies or organizations that promote healing or metaphysical principles to people.

Psychic Fairs, Expos and Other Events - Listings of events that feature psychic readings, vendors, classes, workshops, music etc.

Past Life Readings - A psychic reading that focuses on the influences that a past life may have on one's present life
