THE Psychic & Healing GUIDE

Definitions

Psychic - A person sensitive to influences or forces of a nonphysical or supernatural nature.

Medium - A person thought to have the power to communicate with the spirits of the dead or with agents of another world or dimension.

Astrology - The study of the positions and aspects of celestial bodies in the belief that they have an influence on the course of natural earthly occurrences and human affairs.

Medical Intuitive - A practitioner that uses their self-described intuitive abilities to find the cause of a physical or emotional condition. Other terms for such a person include medical clairvoyant, medical psychic or intuitive counselor.

Akashic Records - In theosophy and anthroposophy, the Akashic records (a term coined in the late 19th century from akasha or ākāśa, the Sanskrit word for “sky”, “space”, “luminous”, or “aether”) are a compendium of thoughts, events, and emotions believed by theosophists to be encoded in a non-physical plane of existence known as the astral plane. There are anecdotal accounts but no scientific evidence for existence of the Akashic records.

Healing Modalities - Alternative healing practitioners using natural and holistic guided techniques such as reiki, energy work, essential oils, nutritional supplements etc.

Spiritual Counseling - People helping others along their path to spiritual growth. The objective can include finding a life purpose, overcoming obstacles, and putting pain & grief into perspective.

Businesses and Organizations - Companies or organizations that promote healing or metaphysical principles to people.

Psychic Fairs, Expos and Other Events - Listings of events that feature psychic readings, vendors, classes, workshops, music etc.

Past Life - A psychic reading that focuses on the influences that a past life may have on one's present life
